

PERCONTEE

INCORPORATED

January 7, 2020

TO: Maryland Dept. of the Environment,
Land Restoration Program

FR: Joseph D. Horton,
Vice President of Construction &
Development

RE: Use of Recycled Material in Sub-grade &
Off-Site Disposal Summary at Percontee Site 2019

To Whom It May Concern,

Grading activities began in early November in Area "F" as shown on the Reclamation Grading Plans prepared by Soltesz. Quantities are summarized on the attached table "Reclamation Grading Quantities". Approximately 173 tons of processed recycled concrete was placed as select fill in areas determined to be undercut and re-filled by the geotechnical engineer, (Hillis-Carnes); see attached geotech reports. Approximately 18 loads of asphalt debris was separated prior to being processed and hauled off to Maryland Reclamation, LLC. Receipts are attached herein.

Regards,

Joseph D. Horton, ACE, PMP, PPE
VICE PRESIDENT OF CONSTRUCTION &
DEVELOPMENT
